Trainer

Born in Jonquiere (Saguenay), I started my professional life as a high school mathematics teacher. During the second part of my life, on the South Shore of Montreal, I continued to teach but with the arrival of my three wonderful children I was fortunate enough to stay home with them. I spent some of my time taking classes in holistic/complementary medicine, until Life took me by the hand and brought me toward Shiatsu massage and Healing Touch. A woman doctor started to send me her clients, and before I knew it a new career was set in motion.

After 15 years of pure happiness working in massage therapy, on August 2, 1999, an event occurred which has changed the course of my practice. From that day comes a new energetic approach as well as a training session which I presently offer in Quebec and abroad.

A Divine Gift

While practicing Shiatsu massage and using various energetic techniques, I find myself able to develop my sensitivity as well as some 'unsuspected' talents.

Then, on August 2, 1999, while I am in the process of explaining to a young woman how I will be working on her, in relation to her problem, I find myself bestowed upon by a divine gift. Surprise!

After the session, she gets up from her chair, radiant, and tells me that she no longer has any symptoms. Her discomfort has completely disappeared! I am astounded by what has just happened to me. I realize then that I have just worked directly on her energetic body, without touching her, sitting one meter away from her. Additionally, she describes to me all the work she feels in her physical body by the mere movement of my hands.

Since that day, I am fully confident in this divine gift. My only work consists of following the divine energy which guides my hands. They bring about the restructuring of the energetic body and, following that, the physical body uses this new power to heal itself. The cells' vibrations increase, stimulate the stagnant energy of blocages, and liberates them. The healing process is put in motion.

The most surprising thing about this divine gift is that it is already an integral part of our cells. A few years after coming in contact with it; I now have the privilege of awakening this healing power within you so that you can also use this powerful energy as I do, in love and joy. The divine now takes the place of the personality.

The results surprise many sceptics. The most important thing here is this; if you are well in your physical body, your whole being will feel it. This is what happiness is!

RESTRUCTURING OF THE ENERGETIC BODY

CONNEXION DIVINE has taught me a particular way of working with this new frequency of energy that I have named « **restructuration du corps energetique** » (RCE/CD) (restructuring of the energetic body) I could **define it** as such : new energetic approach which consists of giving back to the energy body its original form and position, well centered around the physical body, while liberating it from all traces of past traumas; physical (accident, surgery, fall, etc) as well as emotional (grief, job loss, divorce, etc); all of which create knots, bends, blocages, and crystalizations in the energetic body. Once the energies have been liberated, the physical body begins to vibrate at a higher frequency. This in turn activates the circulation of energy into the cells, thereby activating the healing process, at all levels of your being.

In other words, **the primary essence of CONNEXION DIVINE is to repair your energetic house so that your physical body can live comfortably within it, in harmony and health.**

RESTRUCTURING OF YOUR ENERGETIC BODY at a distance

You can lie down on your bed at home, in your own house, rather than on the armchair in my office, on a specific day at a specific time. You will experience the same effects and will obtain the same results as you would in my office.

Training

Know yourself and Heal yourself through the **CONNEXION DIVINE^{MC}**

Description of the training:

This is the primary goal of the training: Know who you are and connect with your divine power so that you can exert your own healing power, first for yourself, and then for others.

The CONNEXION DIVINE^{MC} is now considered to be a new approach to energetic healing, as well as one that is most revolutionary because of its simplicity and effectiveness, and which is activated by a powerful energy frequency.

Why look elsewhere and solicit any other "power" if everything is already within us?

The power to heal is within us and it is now time to use it for our own healing, and for those who are close to us.

The CONNEXION DIVINE has taught me that the cause of our ailments is hiding in the energetic body, and that it is through a restructuring of the energetic body (RCE/CD) that the healing process can be set in motion. It is with joy that I convey to you the knowledge that I have acquired since that Day. You will be able to use this knowledge to better heal yourself and to help those around you. This proves to be an invaluable tool for you. Your healing power is astonishing. It is up to you to discover this and offer yourself this gift for life!
